

Trauma Commission Budget

Hospital/Physician Fund Division	Hospital	Physician	Total
Trauma Center Readiness Costs % Amount	75% \$17,888,539	25%* \$5,962,846	100% \$23,851,385
Uncompensated Care Costs % Amount	75% \$17,888,539	25% \$5,962,846	100% \$23,851,385
Total	\$35,777,078	\$11,925,693	\$47,702,770

Trauma center must do the following:

- ◆ Administer physician funds at no cost to Commission.
- ◆ Assure that at least 25%* of funds allocated for readiness will be paid to eligible physicians providing trauma related services to patients receiving services at trauma center.
- ◆ Assure it allocates 25% of their total uncompensated care funds to physicians. If excess funds are available, then these funds will be used for trauma research or continuing medical education for physicians who serve that hospital's trauma service.
- ◆ Eligible physicians for participation in the uncompensated care fund include: emergency physicians, trauma surgeons, neurosurgeons, orthopedists/hand surgeons, plastics/maxillofacial surgeons, and anesthesiologists.
